REPORT

OF THE

DEPUTY POSTMASTER GENERAL

1914-1915

POST OFFICE DEPARTMENT,
OTTAWA, October 13, 1915.

To the Honourable
THOMAS CHASE CASGRAIN, K.C., M.P.,
Postmaster General of Canada.

I have the honour to submit for your consideration the several statements annexed hereto, comprising the report for the year ending March 31, 1915. These statements show that there has been expansion both in the service and in the transactions of the Post Office during the year.

The main points of increase are as follows:—

In the number of Money Order Offices, an increase of	225
“ Savings Bank Offices, an increase of	19

There has been an increase of 1,652 miles in the extent of the system over which mails are carried by railway. The number of miles which mails have been carried by railway and water routes and ordinary land routes is greater by 3,200,507 miles than it was for the year before.

The estimated increase in the number of letters and post cards sent during the year is 13,197,000.

The number of Rural Mail Delivery Routes has been increased by 695, and over 37,500 boxes have been erected on these additional routes.

PARCEL POST WITHIN CANADA.

This Parcel Post service, which was inaugurated a few weeks before the beginning of the fiscal year, has been successfully conducted during the year, and its great and growing popularity has demonstrated that it supplies a public need. As the Parcel Post reaches every point throughout the country, its facilities are greater than those afforded by services operated by private companies, and its rates are lower.

REDUCTION IN PARCEL POST RATES BETWEEN CANADA AND JAPAN.

By a new agreement with the Empire of Japan, which came into effect on September 1, 1914, the rate of postage on parcels mailed in Canada addressed to Japan was reduced from 20 cents for each pound or fraction of a pound to 12 cents for each pound or fraction thereof, and the limit of weight for a single parcel was increased from seven pounds to eleven pounds.

PACIFIC CABLE.

An important improvement in the cable relations between Canada and Australia and New Zealand has been effected by the introduction of a week-end service, which makes it possible to send to Australia or New Zealand a cable message at one-quarter of the regular cable rate. These week-end messages between points in Canada and Australia and New Zealand are delivered on Monday whenever practicable.

POSTAGE STAMPS.

The issue for the year 1914-15 shows a gratifying increase over that of the previous year.

In value the increase was \$159,906.98, the total amount of the issue being \$14,783,049.08, as against \$14,623,142.10 for the fiscal year ended March 31, 1914.

Detailed statements are given in Appendix J.

GOVERNMENT ANNUITIES.

During the fiscal year ending March 31, 1915, 77 immediate annuities and 186 deferred annuities, a total of 263, were purchased, aggregating in amount of annuities contracted for, \$61,051.54. The amount of purchase money received during the same period was \$314,129.17.

^a This increase in the cost of management arises from the exhibition for the first time as a charge against the money order system, of the salaries of clerks in city post offices engaged exclusively in money order duties; also from the preliminary expenses incurred in organizing money order exchange with a number of additional countries, as stated in the report for the year ended June 30, 1898. ^b Including the amount of the "Void" orders of the previous years. ^c Including payment for services partly chargeable to preceding year. ^d Under the system of accounts introduced July 1, 1888, these items cannot be given separately.
